6 Partitioning Dominoes

Build strong recall, flexibility and fluency with this simple set of dominoes. Each domino is double-sided and each number is shown in four ways: as digits, pictorial counters, as a partitioned sum and as tens and units. The game can be played in four different ways helping to create strong partitioning connections between the number as a digit and how it can be represented. With 24 pieces made from high quality durable card, 2 to 4 children can enjoy playing it over and over again. Top Tip: Add an extra dimension to traditional dominoes by adding an egg timer! How many pieces can you play in 2 minutes or 10 minutes? Trying to beat the clock will help children gain fluency and value speed of recall.
